BREEDING TERMS

1. Stud Fee & Payment. The stud fee is $2,000, payable in full to stallion owner Patti Murphy Boles before breeding services are provided. The stud fee is nonrefundable, subject to the complimentary rebreeding provision below. Contact the owner for payment arrangements.

2. Breeding Method & Farm Charges. Breeding is by artificial insemination using fresh semen collected at Midcrest Farm, Reddick, Florida. Mare owner is responsible for all collection, handling, shipment, mare care, veterinary, insemination and related expenses, paid directly to Midcrest Farm or the applicable provider. These charges are separate from the stud fee and also apply to any rebreeding. Confirm collection and shipping arrangements and charges with Midcrest Farm.

3. Live Foal Guarantee. If the mare fails to produce a live foal, the mare owner is entitled to one complimentary rebreeding during the next breeding season, with no additional stud fee and no cash refund. A live foal is one that stands and nurses and survives for at least 24 hours after birth. A substitute mare may be used with advance notice and approval of breeding arrangements. The guarantee does not cover collection, shipment, veterinary or other farm charges.

4. Veterinary Documentation. To claim the live foal guarantee following pregnancy loss, stillbirth or death of a foal, the mare owner must provide a written veterinary statement documenting the event within 30 days of the loss or death. Prompt notice to the stallion owner is appreciated.

5. Registration & Responsibility. Stallion owner will provide customary stallion breeding documentation needed for registration once the stud fee and applicable obligations have been satisfied. Mare owner is responsible for mare health, reproductive management, timely insemination and foal registration. Neither stallion owner nor Midcrest Farm guarantees conception or a particular foal outcome beyond the express rebreeding provision above.
